

# IDEAS & EFFECTS

At the song's beginning in a four-way 'split' screen each of the four BOHOS mouths the opening four lines of the song "What Make Or Model Of A Person Is It That You Need?" When the effected guitars then kick in each BOHO begins to slowly & continually rotate 360 degrees in different directions and at varying speeds. At sudden moments to fit the music there will be slowing, freezing, speeding, reversing, blurring as well as MORPHING, DISSOLVING & SPLITTING into other 'Makes or Models Of Persons.'
